"Why do Splash'N Boots matter? Because they make kids matter. What sets you apart is that you are not only engaging and educating, but you really make my little one feel special; like it's just you and her. That level of connection surpasses anything any other kids programming or cartoons can offer.

We love you Splash'N Boots!"

- Michelle H., Parent and Splash'N Boots Fan

"My 3.5 year old says: 'I love Splash'N Boots cause they love me and make me feel beautiful!' Your songs make her feel good about herself. She feels loved and special when listening to them. I myself have cried listening to a couple because they capture so well how much I love my girls. You genuinely care for our kids and make them feel special!"

-Jessica D., Splash'N Boots' Facebook Wall (August 2017)
